TO WHOM IT MAY CONCERN :

It is my pleasury to write this letter about Dr. David Shaffer.

I have known Dr. Shaffer for about six years while he was actively practicing Physical Theraphy and Sports Medicine in his Los Angeles Office.

During this time, we have worked together in rendering care to patients of various age groups.

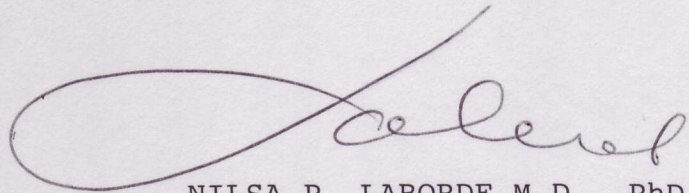

I must say that I was always impressed by the quality of his work.

He is a caring and conscientious professional.

His personal attitude and technical skills were remarkable and these make him a highly qualifed health provider.

I very much regret seing him leave our area but I am sure that anyone can benefit from a professional relationship with Dr. David Shaffer.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Nilsa P. Laborde', written in dark ink.

NILSA P. LABORDE M.D., Ph.D.
